Useful information

Takyubin (Courier), the great Japanese delivery service

Japan being a relatively compact country means delivery is fast, cheap and efficient. If you want to send your ski gear from the airport or any convenience store in Japan, it is easy. Usually it takes 24 to 48 hours depending where you send it from and costs about 1500 to 3000 yen depending on the size and distance. Some good companies are located just outside customs when you arrive

- Kuroi Neko (means Black Cat – they have the cat symbol)

By Car

For Maps please go to <http://www.nozawaski.com/e/access.html>

* Driving From the Tokyo Region

Take the Kanetsu Expressway to Fujioka Junction, where you change onto the Joshinetsu Expressway that goes all the way up to Nagano City and beyond – stay on the Nagano Expressway whenever there is the option to do so. Eventually take the left exit number 16 signposted "Toyota-Iiyama" from the Nagano bound highway.

Take Route 117 to Nozawa. Turn right under the overpass straight away after paying at the tollgate and after a few minutes you will drive through the main Iiyama shopping district. Take the right hand fork next to the Toyota car dealership and Stone Masonry Yard at the traffic lights and continue on for about 15 minutes and then follow the Nozawa Onsen signs that are marked in English.

After you pass a Subaru car dealership you should turn right onto an red-orange girder bridge, then turn left at the traffic lights. Once over the bridge and keep driving until you see Nozawa Onsen reveal itself like a hidden valley as you reach the top bend of the mountain road. If you miss the orange bridge you can still get to Nozawa village by going straight and looking following the signs in English.

* **Driving From Osaka & Nagoya Regions**

From Komaki Junction of the Meishin Expressway, head east on the Chuo Expressway to Okaya Junction, where you change to the Nagano Expressway. Head north on the Nagano Expressway, until the Koshoku Junction where the expressway changes again to the Joshinetsu Expressway. From the Shinshu Nakano IC, take Route 292 up to the Shiga Kogen region.
